## Work Experience

**Codewave Technologies Pvt Ltd** Bengaluru, Karnataka

*Associate Software Engineer* May 2022 - Present

- Successfully delivered 5+ projects on the App Store and Google Play Store, leveraging troubleshooting and cross-functional collaboration.
- Led client-facing, end-to-end projects, transforming initiatives to boost organizational revenue significantly with 10% in that cycle.
- Built reusable code and libraries, ensuring 100% scalability and maintainability while staying updated with evolving technologies.
- Initiated org-level workshops and mentored juniors on React Native, improving team productivity and skills by 40%.
- Configured GitLab CI/CD for all mobile applications, optimizing deployment workflows and boosting release efficiency by 80%.

**Investmates** Singapore (Remote)

*Intern Software Engineer* January - March 2022

- Directed collaboration across UI/UX, Product Managers, and QA teams, achieving 100% pixel-perfect, high-quality product delivery.
- Maintained DRY code, conducted code reviews, and ensured documentation, driving a 75% boost in performance and efficiency.
- Actively contributed to agile methodologies and scrum management, increasing deployment frequency by 50%.

## Projects

**Antz System (React Native Expo)**

- Built a rich, interactive UI with custom React Native Reanimated, ensuring smooth animations and maintaining **60 FPS**.
- Developed several modules with multiple roles, including **QR code** integration for data security, improving access control by 100%.
- Integrated **i18n** for seamless multilingual support, increasing global user engagement by 50%.

**Maven Matchmaker (React Native CLI)**

- Enabled real-time chat functionality with **Socket.io**, ensuring seamless user interaction within the app.
- Integrated **VideoSDK** for seamless video calling, offering users an engaging and smooth communication experience..
- Incorporated **Stripe** and **Apple In-App Purchases** to facilitate secure transactions and enhance the app's monetization.

**Settl Connect (React Js - Admin)**

- Leveraged **React Query** for efficient data fetching, caching, and synchronization, improving load efficiency by 75%.
- Styled the dashboard with **Styled-Components**, for 90% CSS styling to ensure proper CSS scoping.
- Used **React Hook Form**, lazy loading, and code splitting to optimize performance, reducing load times by 3s and preventing re-rendering.

**Investmates (React Native CLI)**

- Persistently debugged during maintenance to ensure a flawless user experience, improving functionality by 25%.
- Gained experience using **Git** while working with 5+ team members, learning to resolve merge conflicts and enhance productivity.
- Performed unit testing with **Jest**, boosting application reliability and stability by approximately 30%.

## Skills

Data Structure & Algorithm, Javascript, Typescript, React Native, Expo, React Js, HTML, CSS, React Query, Redux, Jest, CI/CD, Socket.io, Multiple Payment Gateways, Xcode, Android Studio, GIT

## Education

**Assam Down Town University** Guwahati, Assam

*Bsc.IT(Mobile Application & Information Security) - **8.5 / 10** CGPA* August 2017 - August 2020

## Achievement

- Awarded ***Culture Champ*** at ***Codewave Technologies Pvt Ltd*** (2023) for fostering a positive work environment.
- Awarded ***Teamwork Excellence*** at ***Codewave Technologies Pvt Ltd*** (2024) for contributing to cross-functional team success.
